HARRIS® 6290-VVC**

# THERMACUT INTRODUCES REPLACEMENT OXY-FUEL CUTTING TIPS SUITABLE FOR MODEL HARRIS® 6290-VVC

Description: two-piece high speed cutting tips for cutting up to 250 mm, gases: Oxygen - propane, natural gas.

Ref. No.	Part No.	Description, plate thickness	Packing	Cutting speed mm/min	O <sub>2</sub> pressure (bar)		Gas pressure (bar)
					Preheat	Cutting	
6290-VVC5/0	A-1159	Cutting Tip, 1 - 4mm	1pc	750	0,4	3,0	min 0,015
6290-VVC4/0	A-1160	Cutting Tip, 4 - 6mm	1pc	700	0,5	3,0	min 0,015
6290-VVC3/0	A-1161	Cutting Tip, 6 - 9mm	1pc	650	0,7	5,0	min 0,015
6290-VVC00	A-1162	Cutting Tip, 9 - 12,5mm	1pc	630	0,7	5,0	min 0,015
6290-VVC0	A-1163	Cutting Tip, 12,5 - 20mm	1pc	600	0,7	6,0	min 0,015
6290-VVC01/2	A-1164	Cutting Tip, 20 - 35mm	1pc	550	0,7	7,0	min 0,015
6290-VVC1	A-1165	Cutting Tip, 35 - 60mm	1pc	480	0,7	7,0	min 0,015
6290-VVC11/2	A-1166	Cutting Tip, 60 - 75mm	1pc	310	0,7	7,0	min 0,015
6290-VVC2	A-1167	Cutting Tip, 75 - 125mm	1pc	280	0,7	7,0	min 0,015
6290-VVC21/2	A-1168	Cutting Tip, 125 - 150mm	1pc	200	0,7	7,0	min 0,015
6290-VVC3	A-1169	Cutting Tip, 150 - 175mm	1pc	180	0,7	7,0	min 0,015
6290-VVC4	A-1170	Cutting Tip, 175 - 200mm	1pc	180	0,7	7,0	min 0,015
6290-VVC5	A-1171	Cutting Tip, 200 - 225mm	1pc	150	0,7	6,0	min 0,015
6290-VVC51/2	A-1172	Cutting Tip, 225 - 250mm	1pc	130	0,7	6,0	min 0,015

## WHY SHOULD YOU COOPERATE WITH THERMACUT?

- Our cutting tips are equal to OEM quality, but are available at a more reasonable cost.
- Our personal approach - Thermacut Sales Representatives not only assist you with purchasing our products, but are also technically trained and able to provide troubleshooting support and advice over the phone.
- Our order fulfillment rate - in most cases our Thermacut cutting tips are shipped on the day of order, or within 24 hours at the latest.
- Our products are manufactured on latest generation of CNC equipment, and we have an experienced international engineering development team and technicians that allows Thermacut to completely guarantee its products.

**This approach has made Thermacut one of the most successful companies in the replacement of plasma cutting consumables and torches worldwide.**
